FOR IMMEDIATE RELEASE

BRIGHT HOUSE NETWORKS ANNOUNCES SPEED INCREASE OF ROAD RUNNER TURBO TO 15MBPS X 2 MBPS

Upgrade of Premium High Speed Data Service to Meet Growing Market Demand for Faster Internet Access

BAKERSFIELD, CA April 25, 2008- Bright House Networks Bakersfield Division announced today that the company has increased the maximum speed of our premium High Speed Data Service to meet the growing market demand for faster Internet access. With the upgrade of Road Runner Turbo, Bright House Networks customers now have the opportunity to obtain speeds of up to 15 Mbps for downloads and 2 Mbps for uploads.

The faster speeds will be provided at no additional charge to Bright House Networks customers who subscribe to the Road Runner Turbo (10Mbps) service. Customers with Road Runner Standard can more than double their speed by upgrading to Road Runner Turbo for an additional monthly fee of only \$10.00.

With Road Runner Turbo, Bright House Networks customers will now be able to download videos and movies from the Internet, faster than ever. Uploading photos to share with family and friend will be quicker than before and on-line gamers will obtain responses twice as fast as they do today with Road Runner Standard. Families with more than one PC can also enjoy an improved Internet browsing experience throughout their home with the support of Road Runner Turbo.

According to Joe Schoenstein, President of Bright House Networks, Bakersfield Division, the news is good for Kern County. "We strive to be on the cutting edge of technology, and bringing faster speeds to Kern County with our Road Runner Turbo service really exemplifies that commitment. The speed of Turbo allows our Turbo customers to truly maximize their Road Runner usage and creates even more value for this great service." He continues, "Turbo at 15 Mbps x 2 Mbps is a great compliment to our suite of Road Runner applications!"

About Bright House Networks

Bright House Networks is the nation's 6th largest MSO with over 2 million customers in several large markets including; Bakersfield, California; Birmingham, Alabama; Detroit, Michigan; Indianapolis, Indiana, Orlando, Florida (Central Florida Division) and Tampa Bay, Florida along with several other smaller systems in Alabama and the Florida Panhandle. The high-growth Tampa/Central Florida markets are contiguous and form one of the country's largest cable clusters.

Nearly all Bright House Networks customers have Digital Phone, high-speed data (HSD), Video-on-Demand (VOD), Subscription Video-on-Demand (SVOD) and the immensely popular, Digital Video Recorders (DVR) available to them. Since its introduction, HDTV has achieved impressive acceptance with Bright House Networks customers who are equipped to receive the signals.

Exceptional customer service is the company's cornerstone of its business and top priority across all operating units. Bright House Networks operate local call centers and technical operations in the communities they serve. Public affairs, social responsibility and community involvement continue as major initiatives for the company as an ongoing commitment to the families and communities Bright House Networks serves. This includes long-term commitments to education and to what matters in the lives of Bright House Networks communities.
