FOR IMMEDIATE RELEASE

BRIGHT HOUSE NETWORKS ANNOUNCES ALL DIGITAL CABLE TV NETWORK

Bakersfield, CA, May 12, 2006 – Bright House Networks today announced an upgrade to an all-digital cable TV network. This technological enhancement, commonly referred to as digital simulcast, makes the Bright House Networks customers in Kern County one of a few cable systems in the United States to be able to deliver a 100% digital signal to its digital cable customers.

“We are pleased to be able to offer this advanced technology to our customers here in the Bakersfield area. This advanced state-of-the-art technology allows for our digital customers to receive even better picture and sound quality,” said Joe Schoenstein, President of Bright House Networks Bakersfield Division. He adds, “Over the past several years, we have made significant investments to our network which has enabled us to provide our customers the very best in video, high speed data and phone service. This newest advancement is just another example of how Bright House Networks customers are able to be the first to enjoy the benefit of superior technology. Our digital customers will be delighted with their 100% digital pictures.”

The 100% digital upgrade has no additional cost to Bright House Networks digital customers.

Schoenstein continued, “Our commitment to our customers is to strive to be first to market with new technologies, advancements and services. The upgrade to 100% digital pictures is a perfect example of that commitment.”

About Bright House Networks

Advance/Newhouse Communications provides day-to-day management of Bright House Networks cable systems pursuant to its partnership with Time Warner Entertainment. Bright House Networks serves more than two million customers in several large markets that include Bakersfield, Tampa Bay and Central Florida (Orlando), Indianapolis, Birmingham, and Detroit, along with several other smaller systems in Alabama and the Florida Panhandle.

Nearly 100% of Bright House Networks customers have high-speed data (HSD), Video-on-Demand (VOD) and Subscription Video-on-Demand (SVOD) available to them. Bright House Networks also makes available Digital Video Recorders (DVR) that has become immensely popular with customers. The company's Florida operations were among the first in the country to offer High Definition Television signals (HDTV). Since its introduction, HDTV has achieved impressive acceptance with Bright House Networks customers who are equipped to receive the signals. The company has commenced deployment of Digital Phone in all divisions.

Exceptional customer service is the company's cornerstone of its business and top priority across all operating units. Public affairs, social responsibility and community involvement continue as major initiatives for the company as an ongoing commitment to the families and communities Bright House Networks serves. This includes long-term commitments to education and to what matters in the lives of the Bright House Networks customers.
